

July 2003

Dear Participants,

As with any such program we are anxious to know your impressions of this year's REU/RET program here at LEPP. This helps us make the program better and secure funding for future renditions.

There are three sections to this. First is "contact information", which enables us to keep in touch as your career matures and develops. Second is "aggregate" demographic information, which can be submitted anonymously.

Third is the actual evaluation of the program, which can also be anonymous. Some of the questions may not apply to you or relate to your time here with us. Therefore, you need not answer all questions -- we would appreciate your answers to those that do apply to you.

This cover sheet and the three sections are all on the web for you to print (they are not set up for interactive completion ... sorry!) or you can use this hard-copy. Please complete and submit all three (i) BEFORE you leave Ithaca and (ii) to MONICA WESLEY, not to me (keeps it more anonymous). I will set aside some time during the last week of the REU should any of you, individually or as a group, wish to talk to me in person about your "experience" (which is, after all, the "E" in REU or RET).
